“ Grammie I have so many wonderful memories with you- anything from summers spent cuddling/reading/and enjoying ice cream at Soup and Scoop, to Knoebels picnicing or riding the paratroopers together, to our many family birthday parties (always 3 rounds of happy birthday and cake- always lots of corner pieces!). You have the absolute best laugh, gave the best hugs and I will miss your sweet smile when we asked you a question and you would curl up the corners of your mouth before you would give a snarky or sweet response :) I was so very lucky to get to spend 40 years of my life loving you, and being loved in return. Very rarely did I see you upset, and even when you were annoyed it never lasted long. Thank you for teaching me how precious life is, and how to fight for things/never give up/and love the little things. I don't think I ever really expressed in words how much you meant to me but I hope I showed you enough with my actions and love. I am sure the reunion with GG and Gramps was wonderful and I know you are enjoying getting to know Kelly and talk about her sisters with her. You are already missed but we will look for your messages of love everyday. Hugs and kisses from all of us to all of you!!! Love always Missy

“ Deepest condolences from our family to yours. I remember all the times I spent at your house in MountainTop, your mom was always so nice to me. There were more than a few sleepovers too I think. She would make breakfast or lunch was always so sweet, especially before she kicked us out of the house to go play. Pretty much like every other mom on the street. She was a sweet soul and will be missed. Hugs, Love, and Prayers.
