“ Dear Beth, Angela, and Doug - I was Angela's school teacher at Schaeffer and I fondly remember your whole family. Since my parents lived at Pleasure Road and Hilltop Approach, I got to know your grandmother also since she played a pivotal role in your life. My condolences - what a long-life Mrs. Streaker had - 101 years! May God bless you with comfort and peace - Nancy Marshall

“ My most deepest condolences goes out to the entire family. I had the pleasure to have met "gram" at Sage and Dom's wedding. I've been working at the notary since the early 2000's so I had heard so much of gram that I was sooo excited to have finally met her. Because of all the stories that Angie, Sage and Dom shared with me through the years I felt like she was my gram too. Its why i call her gram. When I approached her at the wedding I introduced myself to her. And I said oh I feel like I knew you my whole life they've told me all about you, she replied with well "I hope they told you the good things because they lie" 🥰. We both laughed! Rest well gram, continue to watch over your family from heaven. Rest in peace, you lived an amazing life.
