“ *What a wonderful fun person. I worked many years with Betty at RRD. Her, I and Ike Costello managed the Commercial Typeset team for years.....I think her laugh was the first impression she left on everyone....probably because she laughed a lot. A unique person in so many ways.....her cooking, her love of sports, (there was a period when we referred to her as "Betty the Bookie" because she ran our huge yearly football pool), and her love of her family. She encouraged everyone to eat at the Pancake Farm....which I have on numerous occasions. I'm sure you'll see a flood of tributes. Please know your mother was loved by everyone.*
