“ *I had the honor of meeting Carol when I cared for her at Women and Babies Hospital this summer. She has been on my mind and in my prayers since we met. Her peace and happiness made her very special to me and her family support was memorable. I was my pleasure to meet Carol and I will forever remember her spirit.*

“ Although Carol and I only met about 8 years ago, we became good friends. I loved Carol’s laugh and loved to make her laugh. We met through work and then continued our friendship after retirement. We enjoyed going out to lunch and chatting on the phone. Every year we would go to the Heart of Lancaster Craft Fair and to Gibraltar Restaurant to celebrate our birthdays. We also never missed an opportunity for ice cream.

Through Carol I had the privilege of meeting many of the staff at the Ann B. Barshinger Cancer Institute. What a wonderful group of people and how fortunate we are to have this Institute in Lancaster. Carol always made everyone feel special and appreciated. She was compassionate and such a soldier. I teased her that I only came for the chips!

She sure loved her Willa and fiercely loved her kids and their families. Her brother Jim was amazing and took Carol to most all her doctor appointments.

I will dearly miss my friend and am so sorry for the loss of this mom, sister and gaga.

“ Wow...sorry to read of the passing of a wonderful, no nonsense lady and a fantastic teacher!

I taught with Carol at Conestoga Valley and one year we shared a daily preparation period in her room...each of us getting ready for our upcoming classes.

I got to know her very well that year and grew to respect and admire the woman and teacher that she was. My life was greatly enriched by the time that I spent with her, as were the lives of her many students.

I know that you'll move forward with many wonderful and loving memories of your mom!

“ I had the privilege to be a student in Mrs.Levering' s business math class at Conestoga Valley High School in 1976. I graduated in 1977 and got my teaching degree from Millersvile State College in 1981. I learned more in her math class and applied it to life more than any other math class I ever had! Many times I would think of her teaching strengths as I taught my learning support students over the years. She was a fine example of what a quality teacher looks like and sounds like. I send my condolences to her family.

“ *Carol was a founding member of Hospice & Community Care’s Women’s Giving Circle. She joined the Circle in 2004 with a small group of women dedicated to supporting patients and families live better at end of life. The Circle has grown to almost 100 women and Carol continued to be a loyal and involved member. She was always cheerful and engaged even during the past few years. On behalf of the Women’s Giving Circle, we extend our condolences to her family. We will miss her.*

I met Carol at the Ann B Barshing Cancer Center. I volunteer in the infusion area and it was always a not and honor to talk with Carol when she came for infusion. One day I met Carol in the parking lot at the center. She asked why I was there on a Thursday. I told I was also a patient at the center. We talked and she asked if we could pray. We did. Carol was a beautiful person. I only knew her a short time and have wonderful memories of our conversations. I can imagine the wonderful memories you all have. Please keep those memories in a special place in your heart and she will always be with you! Sincerely, Jolene Hendrix, LGH Volunteer, ABBCI Infusion Department

“ I would like to share a little story with your family. For the past couple of years, we knew your mom was going through some tough times and thought it might be nice to give her a little surprise at Christmas...so my husband dressed in a Santa hat, would knock on her door with a small gift to let her know that she touched someone's life during the year. The really fun part came when her face lit up with excitement, just like a little girl and her not knowing who the jolly man was at the door. The 1st year, from afar, I did not want her to recognize me, I could see her going to different windows trying to perhaps get a glance of the car he was driving or just some clue who the mystery Santa was. Each year she always tried to get him to tell her who he was, to no avail. The Christmas visits over the next few years meant so very much to us and we spoke of them many times throughout the year with smiles on our faces. Your mom helped make Christmas more special for us. her GREAT hugs, her excitement, her laugh, and her smile will be with us forever. She will be missed. Take care and God bless all of you.
