“ *I didn't get to know her other than mostly from her husband Harold. I worked with Harold and we have remained close ever since. Harold obviously always spoke very highly of Clarice and I imagine that she was a strong woman, especially given Harold's very hectic work schedule. Luckily, they did get some time to travel during retirement, but it sure would have been great to see them have even more time. My wife and I will be keeping the family in our thoughts and prayers, especially Harold.*

“ *My husband & I knew her from the Silver Sneakers class at Universal Athletic Club. Though we haven't exercised since March because of Covid, we do have fond memories of talking with her before & after class. We did meet Harold a few times. Clarice & her family will be in our thoughts & prayers.*

“ She somehow managed to host a Thanksgiving of 10+ people every year, and very successfully at that. We had always talked about going to England on her 90th birthday, she was an incredible aunt and will be very missed.

I remember Clarice from our church we both attended as children. Always a pleasant child. As a child I never could understand why she wasn't my cousin as Deplhine Copp was her cousin and Delphine was my cousin. I would have been very happy to have her as a cousin. Prayers for her family.
