“ Dear Jane,

*I am overwhelmed with the sad news of Claude.*

*During his active period in LLTC, I had the pleasure working in your husbands special team.*

*It was Claude who gave me the confidence and trust during my first years as general manager in Indonesia.*

*His support and patience gave me the opportunity to make me a better person. Although he was my boss, he often gave me the feeling being a dear friend.*

*I don't think that many employees will talk so positive about their boss, but for sure all of his employees will probably feel the same.*

*Luckily I had the opportunity talking to him lately which made this conversation extra special.*

*Claude will be remembered as a very special person with a great heart. I will dearly miss him.*

“ *In the early '70's Claude and I worked together at Arthur Young on audits of Universal and Lancaster Leaf. We had many trips together to Lancaster where we worked and played hard. He was a people person. We both ended up leaving Arthur Young to work for our client. Claude went to Lancaster a few years after I joined Universal. He led what we called the "dark" business to new heights as the company expanded via acquisitions of Dutch and German companies that had dark air-cured operations. We put all the dark air cured businesses into one group and Claude became its leader. He managed a wide range of personalities into a successful team, no small feat. I admired his ability to do that with humility and a sense of humor. He was well loved and respected in the company and a friend to many. I regret that we drifted apart in retirement. We were friends and colleagues throughout our careers. Hart Roper*

“ Hello Jane! I was glad to be able to talk to Claude a few weeks ago. I wish I could have thanked him for hiring me and getting me into the tobacco industry. He was also the one who promoted me to President of Lancaster Phils in 1994 when I was 33 years old. He was one of my best mentors. We shared a lot of very good and challenging moments together which i will forever cherish. We will keep him in our prayers and memories.

“ Miss Jane, Claude was a very dear colleague and friend. He was one of a kind and will be remembered fondly. Although he has gained his wings, his spirit will surely be with you. May all your memories make you smile and know he is watching over you. Know that all the times spent with you and Claude, lunches, parties and even the yard sale were fun and the love you shared was evident.

May Hod continue to wrap his arms around you during this time and in the future. God bless. Tami
