

David William Jackson

August 29, 2021

David William Jackson MD, 63, of Lancaster, PA, died at home on Sunday, August 29, 2021, following a five-month battle with cancer.

David was born in Paramaribo, Suriname on September 7, 1957, to Rev. Walter S. Jackson and Marjorie Harrison Jackson. His parents' work in missions and Christian education took the family from Suriname to the Dominican Republic, and then to Asheville, NC, where David attended Ben Lippen boarding high school. He went on to graduate from Wheaton College and from UNC School of Medicine at Chapel Hill. David proudly served as a US Navy Medical Officer for five years, including in the Persian Gulf. After further medical training, he and his family moved to Lancaster, where he worked for Lancaster Internal Medicine for six years and the Lancaster VA Clinic for twenty-one years. The opportunity to serve fellow veterans through medicine was the most rewarding chapter of his career.

David was preceded in death by his parents. He is survived by his wife of thirty-two years, Jeanne McCarrell Jackson, and their six children: Hannah, Grace, Margaret, William, Charlotte, and Peter. He is also survived by his sister, Beth Weaver (husband Jay), brothers, Steve Jackson (wife Lynn) and Philip Jackson (wife Lynn), and numerous nieces and nephews.

David is remembered by his family for his level-headedness, his pithy birthday

cards, and his love of the Tar Heels, talk radio, and hot sauce. A follower of Christ, he met his cancer diagnosis with courage, confident in the hope of the resurrection.

The funeral service will be held Saturday, September 11, 2021 at 3 PM, at Calvary Church, 1051 Landis Valley Road, Lancaster, PA. Friends may visit with the family at The Groffs Family Funeral Home, 528 W. Orange Street, Lancaster, PA on Friday evening, September 10, 2021 from 6-8 PM, and at Calvary Church on Saturday afternoon starting at 1 PM.

“ My siblings and I had the privilege to attend Berean Gospel Church with David and his family while they were residing in Asheville, NC. We have so many fond memories of David from Youth Group. He was deeply shaped by his faith in the Lord and the time that their family spent on the mission field and his faith heritage. Even as a young man he was thoughtful, considerate of others and walked humbly with his God. Medicine was a true calling for him and it is evident that God has used him greatly. We will continue to pray for the family during this time of loss.

“ David was my room mate during high school for our junior and senior years. What a blessing he was to me. We shared a deep trust in our Lord and savior, Jesus Christ, and so there was peace and rest deep down. Each of us knew the other one would go to the mat for each other. David lived his faith out in word and deed, was a good one for advice on questions of a scholastic nature, of philosophy, of athletics, or having to do with human relations.

Today's memorial service was most edifying. Beth, what a wonderful collection of scripture it was that you shared with us today!

Know that my wife and I will continue to uphold the Jackson family in prayer going forward.

“ Dave was a dear friend and colleague and to all of us he was family. I never met a human being so beautiful ,kind, dedicated to his craft, so giving, and so patient. He was a gentle soul . There was a lot to learn from this beautiful being. It broke our hearts to lose him. A part us went with him. There’s a void in our hearts that no one can ever fill. I am going to miss my big brother! The only solace is I know he is at peace right now and looking down on us with a smile!

My prayers for his beautiful family for peace and comfort at this time.

Love,

Sherin

“ Dr. Jackson was a WONDERFUL doctor. There should be more like him. He was always pleasant, thorough, compassionate, easy to talk to and took his time to help his patients get well or just maintain a healthy life. I was sad to know he retired from the VA and more sad to see he had cancer and passed away. MY sincere condolences to the family. He will be missed by many, including many patients and their families. Karen Fralich

“ Covid-19 brought David and me into a closer friendship than we had experienced prior to the pandemic. Phone calls and e-mails meant initially as a way to stay in touch blossomed into a much richer give and take than was typical for us on a Sunday morning. Even after David’s devastating diagnosis, most of his concerns were for others, with very little devoted to his own situation. And in every conversation David would work in the statement, “God is good!” Now he can tell him face to face. Lynn and I will miss this dear brother and friend.

“ As one veteran to another Dr Jackson was the most caring and diligent individual I ever had the pleasure of meeting and treating with. He left no stone unturned in his potential for care giving. He was genuinely invested in the outcome, as though I was a member of his own family. I felt his compassionate care and will be forever grateful. Heaven has gained a true angel. John Meshey

“ I was fortunate to have been in Dr. Jackson's care since the day he came to the VA. He was the best you could ask from your physician; thorough, firm, compassionate. I could go on, but it still pales in describing his value to me and the many others under is care. I will miss him greatly and he will be in my prayers as well as his family. He was a man for all seasons and we will rarely find his equal. God Bless.

Dr J. Was a dear friend and co-worker at both the Lebanon VA Medical Center and Lancaster VA clinic for many years. He had a special kindness and compassion for the Veterans as well as loyalty and friendship with the staff. His sincere Faith in Christ helped him and his family deal with his destiny.

God bless and keep his family in 🙏

“ Dr. Jackson was my Dr and friend. I loved how caring he was, how thorough he was in caring for me and my MS. I liked how he often asked about our son (as an elementary student attending Lanc Christian school) he would ask what bible verse he was learning. May all of you be blessed as much as he blessed me. To God be the glory. ❤️ 🙏

“ Dr Jackson was my husbands primary care physician for several years at the VA clinic. My husband passed away 15 months ago. Dr Jackson was very honest but yet kind. He was extremely thorough in his care and did everything in his power to see that my husband got everything he needed during his illness. I offer my deepest condolences to your family. Our veterans have lost a wonderful caregiver. So thankful he was a follower of Jesus. I pray for your comfort and peace. Rosemary Kinert

Dr. Jackson was my Dr at the veterans clinic for many years. He became a friend often asked about our son. Enjoyed the times we could talk about missions and our church things even while getting the best of care. Thanks and God bless your family.

“ Dr. David Jackson was my personal physician for 10 years. After that, he became my personal friend. It is difficult to understand how such things happen to someone who has done so much good in this world, but we cannot question God's plan. I can only express what a profound loss that I feel right now. I will miss my dear friend a lot.

“ Dear family,

Doug and I want to join in as one of the many who will continue to uphold you in prayer, asking our Lord for an uncommon and unspeakable joy as you pass through whatever comes your way. May you be sustained by the knowledge that your steadfast commitment had greatly encouraged David as he fought the good fight with you by his side.

Now he's where he had longed to be, free of pain, whole and fully alive, rejoicing as he beholds things too wonderful to know in our flesh, waiting with many loved ones, to greet you when you meet your Savior face-to-face. What a glorious day that will be!

We love you all,

Donna and Doug
