“ *Dear Dave and Nancy,*

*I am deeply sadden by the news of David's passing. I remember the days I spent with you as I got to know him. Having been a part from you all, through the years, I missed out on David's maturing into the man that he became. I am sure you were proud of him and thankful for his success in life. May Our Lord who has received him into His eternal care continue to watch over you both and all your family during this time. Peace be with you all.*
