“ *Cristal, Mark and Todd*

Just wanted to express my sympathies to you and your extended families on the loss of your dad. Mark (if you remember me) I remember when I went to your house with you and your dad was there he always seemed very pleasant to me. He always had a smile on his face. I recall when Mark had his motorcycle accident how very upset he was at the hospital which showed a father that loved his children very much. I hope you all can find comfort in good memories that you made over the years.

“ *Don was a good uncle to us and to our children. At family gatherings, he'd always announce his late arrivals by ringing the door bell (he never walked right in) dressed impeccably in his favorite sports team's colors, then walk right up to you asking something along the lines of "so what do you think about Penn State?". We will miss him.*
