“ *Miss Eleanor was an amazing, intelligent, compassionate woman and one of everyone's favorite patients. She remembered everyone's family members and their birthdays, even if it was the family pet! LeBron James was her hero and she knew what was going on at all times during the basketball season. She bragged about her family members and was so proud of them all. Miss Eleanor never had a bad thing to say about anyone. She will be forever missed and never forgotten.*

“ *Eleanor was a friend of our family for many years. She was my Aunt Gerry's best friend since I was a child. She was one of the most caring and insightful people I knew. I lost touch with her after my Aunt passed. I can only imagine the reunion they will be having in heaven. My condolences to David and the family. May she rest in heavenly peace.*

“ Miss Eleanor was such a beautiful strong woman. She always thought of others and made a point to remember what you were going through and to ask you for updates. She encouraged me, asked after my children, offered insight and friendship. She loved to share about when her grandkids and great-grandkids would come over- I heard all about making everyone Root Beer Floats! She loved her family and was a strong committed woman. She is an inspiration. I will miss her greatly.
