“ *Larissa, I saw the obit of your father in yesterday's paper and was reminded of the year you were in 6th grade at Buchanan School. We were saddened by your loss and just wanted to reach out to you. My niece Gloria Jaremko and I talked about you recently. She keeps me updated on my former students (especially girls) who attended Country Day after public school. She indicated that you are very successful, married with children. I wish you very well. I'm saddened by the loss of your dad; my prayers are with you.*

“ Paul Keddy was my cousin- I wish I'd known him better, but I'm fifteen years younger, so when he was finishing up college I was probably a first grader! As adults we lived several states apart. However, whenever I did see Paul at family events he was always so gracious, warm, friendly, and interesting. When I went through a very serious personal life crisis eight years ago, he had very affirming and positive words for me. We exchanged some emails not too long ago. I was so saddened to learn of his passing. I will remember him very positively and fondly.

“ Paul was one of my closest friends in high school. He introduced me to the game of tennis and we were doubles partners on the high school team and once or twice competed against one another in tournaments. He and I were members of a team that won the New England Junior Boys tennis league championship probably when we were sixteen. He had a wonderful sense of humor and inspired me whenever we got together. I was pleased to be able to catch up with him last year at our high school reunion. He was as wonderful, friendly, humorous and great to be with then as ever. My condolences to all his family, especially brother Richard with whom I also spent many pleasant hours on the tennis court.
