“ I have great memories of working with Gene. He was a great coworker and friend. He adored his children and often affectionately shared stories of their lives. I missed him when he moved out of state and will remember him fondly. I was truly blessed to have known him. Claudette Burkhart

“ Greg, Kim, and Paige,  
My condolences to your family. I have many fond memories of living next door and spending time with your family. Gene would drive us places in his cool Monte Carlo and we would all be singing along to the radio. He had a great laugh and always made me feel welcome. May your memories give you peace.

“ *My relationship with Gene goes back many years, working with him, and becoming friends, inside, and outside of work. He had exceptional integrity and compassion for others, as well as a terrific sense of humor. I can still hear his infectious laugh! I'm saddened to know he was living so nearby and I did not know it. How I would have loved to see him again. My sincerest condolences to his family.*
