“ The pride and smile that came over his face when he would talk of his family. I found myself saying, "what would we do without you George?"usually as he was cracking the staff up with his silliness. He will be missed and remembered. Thank you for allowing me to get to know him and love him.

“ You always had a joke or something funny to say. That sense of humor brought many smiles. Big heart that always wanted to share whatever he had with everyone. Loved his family and spoke highly of his family. Thank you for allowing me to get to know and love him. I found myself often saying, "what would we do without you George?" Usually while laughing listening to his jokes or stories. I could also see the pride come over his face when he spoke of his family.
