“ *Aunt Gladys has always been special to me. She was very generous. When I first came back to the United States after high school she, along with Grandma and Grandad, provided a home away from home for me during college breaks. After graduation and after our grandparents death, she still had me and my brother and sister live with her for awhile. Then when she had to move out of the house at Elm Avenue, she asked me to move to Manheim and live with her which I did until the Lord moved me on elsewhere. She was also always giving away her works of knitting or needlepoint to anyone around.*
