“ *I have so so many memories of my nanny as a child, teenager and adult. She was truly amazing and she was beautifully beautiful. She had the heart of gold and she would do anything for anybody. She loved the outdoors and flowers and she loved going to ocean city. All my life I have looked up to you Nanny. I wish I was half the woman that you were. I have made many many mistakes in my life but you always lead me in the right direction but at times I did it my own way and it always ended up you being right and me being wrong. I enjoyed all the stories of you and pap and all the love you both had for each other and now I know what soulmates are...you and pap. You 2 went thru everything and anything and always got through it all. You and pap are my hero's all my life and now you are my guardian angels. I love u so much nanny. Miss u so much it hurts my heart. But I know u wouldn't want me crying and you would want me to be happy that you are no longer in pain and you are in Gods hands and you are with Pappy, Uncle Billy and Brad and your sisters and brothers and your mom and dad. Love you.
Love always & forever,
Your little princess
