“ *Speaking for the many Nebraskans Harry touched with his passion for the Huskers and his personality - Harry will be missed greatly. Many folks from the Lincoln area will be there in spirit if not in body at Harry's service. A wonderful man, a true blue friend, I personally will very much miss my weekly conversations with Harry. God bless and rest in peace Harry.*

“ *Harry was an incredibly polite and kind man. I knew him from Weis on Stoney Battery Road where he worked and I regularly shopped. I would see him diligently working at all times in all sorts of weather conditions. Harry would help me on occasion loading my car with groceries purchased. He was one of the hardest working people I have ever seen. What a loss to us all.*

“ *Well Harry, no more coming up to my place to watch movies and eat A&M subs. No more trips to the shore together either. No more getting together to shoot the bull! Rest in peace my friend. You are at last at peace! Goodbye! Randy Caldwell class 1966 MTHS*

“Wow, Where do I begin to talk about Harry? He loved life. He lived it to it's fullest every day. He put his heart into his work. He pushed shopping carts through the parking lot in the rain and snow or sunny days with a spring in his step. There was a day that it was pouring rain and I was running through the parking lot and Harry was pushing carts. He saw me and stopped me and said, "Did you see the Manheim Township Tennis Score?" He cared more about that than getting soaked. He loved sports. He followed EVERY high school sport from bowling to football. There will never be a bigger Nebraska College Sport Fan than Harry. He loved everything about that college. The thing I will remember most about Harry is he cared about people, and I mean everyone. The night before his health issue he called me, because he said has not seen me in a long time due to working different shifts. I can honestly say that is something I will never forget. I'm sure his first words in Heaven were "Go Huskers!"

“I've known Harry since he and I were kids in Grandview Heights and he always has been a cheerful, thoughtful and friendly presence in my life. Later, when we once again became Grandview neighbors, Harry became interested in and supportive of our [then] middle school age son, John B., and together they shared mutual interests in computers, history and cinema. John referred to him as "Uncle Harry," and always enjoyed visiting with him. Our lives are better because we knew Harry and we will miss him. We are deeply saddened by his passing.

“ I am so sorry to hear that Harry has passed away. He would call me throughout the year to discuss Manheim Township High School's athletic sports teams and always would end the conversation with a story about a University of Nebraska athletic team. He was pleasant, polite and a wealth of knowledge when it came to the University of Nebraska. A true gem and one of a kind person.

“ Harry was a good man and the best neighbor / friend I could ask for. He always had a smile on his face and a story about Nebraska football to tell. Harry was loved by so many and we all thought of him as family. His passing is very hard for us all as we try and imagine a world without Harry's charm and wit - but in the end we know he will always be with us. Godspeed Harry - see you again someday!
