“ I'll always remember Hatti as I brought my sixth graders to the lunchroom. I would always joke around with her and we would go back and forth with silly comments. I will always fondly recall those times together. It was a real pleasure knowing her!

“ Dear Hattie...

you and I could always laugh together and kid each other until our sides hurt from laughter. We looked forward to our visits with each other.

I enjoyed that you got your nails polished, you played bingo, got your hair done and that you looked forward to your day in the hot tub. Also that you enjoyed your outings to Walmart to refill your candy drawer, how much you enjoyed visiting the birds at Conestoga View and being friendly with your care givers.

I especially enjoyed our times sitting outside in the sun reminiscing and watching the seasons go by. The sky, the birds, flowers, trees, the weather and so much more.

You have always been very special to me and you know it.

Farewell My Friend
