“ *My condolences to Sylvia, Jennifer, Kate and Joel, and their respective families. I had the pleasure of first meeting the Dr. Beeders and Sylvia almost 2 years ago. The love between Sylvia and Dr. Beeders was evident from the first time I meet them. Dr. Beeders had a wonderful sense of humor, love for knowledge and reading, and had a quiet sense of pride with regards to each one of his children and grandchildren and their various achievements and accomplishments. I enjoyed each book, article, etc. he (and Sylvia) would show me of the different areas his children had excelled in. He adored Sylvia, which was so evident in their daily lives; even after 63 years of marriage, they showed moments of being "newlyweds" that would bring a smile my face. I enjoyed each of my visits with the Beeders family and feel truly honored to have been welcomed in their home over the years. Even during challenging times, Dr. Beeders did not complain, but always worked hard, did his best, and provided some lighthearted moments via his quiet sense of humor. Dr. Beeders and Sylvia were so generous to all they came in to contact with and both have blessed me with wonderful tidbits of knowledge throughout the years. Sylvia and family, "may you be comforted from Heaven" and "may God console you together with everyone who mourns for Zion and Jerusalem," Melanie Hollowell, PT, DPT.*
