“ *My condolences to the family of Joan. I have known her since 7th grade and after she moved to Lancaster we met with a few other classmates from Reading for lunch occasionally. We will miss having her in our little group Joan and I sometimes met for lunch at Isaac's on Greenfield Rd too. I got to meet Bob and he sometimes joined us. I know Joan loved her cats and I hope they will remain with the family and get the love to replace that which Joan gave.*

*Again my sincere sympathy to all.

“ *I am saddened to hear of the passing of your mother, and my friend, Joan. Joan was a friend since our Junior High School days. I had been in touch via email for the last ten years or so, but had not been aware of her illness. I was also unaware of the passing of your father. He lived in our neighborhood as a child and young man. May their souls rest in peace, and may the perpetual light of our Lord shine upon them and grant them both a peaceful rest.*
