“ *Juan was always one of my favorites when he came for labwork at The Heart Group. We would always joke around. I'd often see him out and about at other places and we'd always have a nice chat and end it with "Have a Blessed Day". Thinking of his family at this difficult time and keeping you in my prayers. He will be missed. Take comfort in knowing he is at peace.*

Bro. Juan you'll always be in my heart. You always had kind words to say. I even remember when you joined the Usher Board you were eager to learn the ropes. You loved the Lord with all your heart and you loved your children and family as you talked about them constantly. You've been a good friend of mine and as you talked about the Doctors we shared. I often think about how you loved singing on the choirs. Now your in heaven singing his praises. Rest In Peace my Brother!!!
