“ *I had the good fortune to get to know the Hambrights in the late 1960s through my working for Lloyd's sister, Esther Schwartz at the store she and her husband operated in Columbia. I was 14 or 15 and I believe Rebecca was 3 or 4 and Sara 6 or 7 when I first met them. They visited Aunt Esther and Uncle Ed regularly so I got to see the family often as I worked at the store through high school and occasionally during summer breaks from college.*

Through both families' membership at St. Peter's Lutheran Church in Neffsville, we saw each other often and occasionally visited Lloyd and Joan to catch up on the activities of their children and their families. We have also shared in several extended family milestones including Lloyd's 90th birthday in 2019.

My association with the Hambrights has spanned 50+ years and everyone in our family has treasured this long friendship.

Our thoughts and prayers are with Sara and Rebecca and their families at this time.

“ I want to express my deepest sympathy to Rebecca, Sara and your entire family in the passing of Lloyd. I knew he and Joan as their Realtor in their transitions. So sad to hear this news on Sunday. I remember his smile and his love of time at the beach. May your fond memories be of comfort to you.

“ Sara, Rebecca, and family. So sorry to hear of Lloyd's passing. He and your Mom were one of those real steady couples that Jacquie and I both enjoyed. They had a very positive impact on our lives at certain key points along the way. Lloyd was a mentor and advocate for me as we both shared leadership in the Small Business Group of the Chamber and Joan was our buddy for several years helping to run the Annual Meeting of the International Society for Traumatic Stress Studies. Our paths led in different directions over the last 10-15 years but thinking about them brings a smile.

“ Rebecca & family,

My late husband, Morgan West, was a friend of Lloyd's and thought highly of him. Lloyd was always courteous & kind to me as Morgan's wife. The guys used to get together just because they enjoyed each other's company, so memories of Lloyd are happy memories of good times.
