“ *I just purchased a mantle clock at a consignment shop in Strausburg which had a plaque with Marilyn's name and retirement date. Evidently it was given to her on her retirement from the Alcoa company.*

*To her friends and family, you have my condolences on your loss. Marilyn, I repaired the clock and its working fine... Rest in peace*

“ *I only spent 5 or 6 shifts with Marilyn, through Home Instead Senior Care. I got to know alot about her life during those times though. I listened to all her stories of her family, school life and work life. We were both McCaskey HS alumni and I as a student lived around the corner from the house she lived in all her life. I will miss our conversations and was glad we had some good talks the day before she passed away.*

*My condolences to her family; my thoughts and prayers are with you.*
