“ Nancy, it seems very strange that you are not here. For my 65 years of life you have always been there for me. I want to thank you for the gifts you gave to me over these 65 years. The first one was an unquestioned love. When I got married and had two wonderful sons you and your husband George continued to give my family that love until the day you left us. You gave me a love of history. That interest gave me my vocation in life, being a history teacher for 38 years. It also gave me an appreciation of our family history, where we came from and what our ancestors accomplished. You also gave me the knowledge to hold dear the concept of family. You told my cousins and myself stories of relatives from long ago. You stressed the importance of family bonds and that in the end we could always count on our family. Nancy, when you passed a vision of long ago flashed in my mind. It was the time you let me, just learning to drive, drive your Mercury on the highway a little bit over the speed limit. Music playing, your scarf blowing in the wind and me singing along to the songs on the radio! What a time, what a memory.

*I know you would want to thank your caregivers... especially Krista. They were so kind and patient. Okay, Auntie Nan! I know you are with God and your sisters and brother and all those dogs! Rest in Peace, dear one.*
