I just found this. Nancy and I were good friends in 6-8th grades. Her mom was my mentor and had a great influence on my life. I became a mathematician/analyst because of “Mrs Thomas”. Sad to learn of this. I would have liked to meet up with Nancy again. I hope her family sees this.

“ I will miss her greatly. I've know Nancy since 1990 and she was my kind of person- straight forward, real, and told it like it was. She called me a few months ago after my mother passed away and I so appreciated that. Nancy I think heaven might need to "move aside and make a path for you, because here you come!!! Thinking of you and Glenn and your boys as well- if there's anything I can do Glenn, please let me know.

“ *I have not seen Nancy in many years, but I remember her vividly from representing her in an automobile accident many years ago. She was such a dynamic person, very positive, very funny, very bright. Not all of my clients from 25 years ago stay in my mind, but she is an exception. I am sorry for your loss. Please excuse my lack of attendance this Friday; I have a court appearance that cannot be moved. My thought are with you at this difficult time.*
