“ *Gina & Jeff, so terribly sorry to hear about this. I remember old George so well. Amazing Sue made it to the century mark. Thought many times of you guys. Lost touch after George died and I went off to the Marines. My mom died July of 2019 but dad is still kicking and miserable as always. I always hoped I would bump into you guys again. Please let me know when the memorial service is. I would like to make it. Wonder if we would even recognize each other. Take care and keep all the good memories close.*

“ Aunt Sue was a great aunt! She was my aunt, because her first husband, George Huber Jr., was my mother's brother. We spent many holidays at their home when we lived in Lancaster. In 1967, we moved to Fort Lauderdale, Florida. I returned to Lancaster and would visit Aunt Sue. When my Uncle Wesley died, I came up to Lancaster for the funeral, and Aunt Sue and I went out to lunch or breakfast almost every day. She also went with me to his services. In 2017, I came up to Lancaster to visit with her. We had a great time eating pizza with Gina. I have so many happy memories of Aunt Sue. I would suggest in memory of Aunt Sue, you do a good deed for someone, and also call a family member or friend you haven't talked to in a while. As I said, I lived in Fort Lauderdale, but I know how much it meant to Aunt Sue to keep in touch with family and friends. If you have been meaning to call someone, do it today! My condolences to Jeff and Gina and their families. I will always remember Aunt Sue with a bright smile as she would want us to do. God Bless.

Thanks for that, Dennis! Was your Uncle Wesley your mother's and George's brother?

Hi Jeremy, I should have mentioned, Wesley was my father's brother. He died in 2008.. Mom and Uncle George had a sister, Cleo, she moved to Lancaster from California because she had cancer, and mom and Uncle George's niece, Nancy, was Cleo's daughter. Aunt Cleo moved to Lancaster for Nancy to take care of her, but sadly she died a few days after coming back to Lancaster in November of 1982..
