“ *Dear Claire & Family, We don't know how we would have reared our big healthy family without our wonderful Dr. Crill. He was always kind, pleasant, patient & treated me like I was his only patient. Many times, when taking one or more children to see him, I'd have a long list of questions. He never rushed me or was impatient with me. I will always have fond memories of him. Our prayers & thoughts are with you. Please accept our deepest sympathy.*
