“ I am so heart broken to hear this sad news. Pat was one of my favorite nurses when we worked together at the Lancaster VA clinic. She was just such a great person! She was very caring and empathetic to the patients. Pat would go out of her way to do small things for me to make my life easier at work. I will always remember these small gestures of her kindness. Even after her retirement, she kept in touch with me always asking how my family and I are doing. I did not hesitate to take her advice on professional or personal matters as I valued her opinion a lot. I will miss her terribly and will always remember her as a selfless, loving, caring, spunky and free spirited person.

Pat is gone too soon but will remain in my heart forever. RIP.

My heartfelt condolences to John and his family.

“ Pat was one of the most sincere, kind, caring and inspiring people I have known. She cared about everyone, and was a fighter for social justice for many. I will always remember her warm and entertaining personality, and her infectious enthusiasm. I know she was a great asset to the health care profession and to the many people for whom she cared. My sincere sympathy goes out to John and to all of her family.

“ Our thoughts and prayers are with John, Tiffany and Shane. She was just way to young to leave everyone. I'm sure Heaven has gained another angel who we will see again when we meet our Lord.

“ John and Family,

I can't say I was particularly close to Pat, but we did share many years of school together. Beginning in Kindergarden I think we were in the same classes throughout elementary school. I remember her as very energetic and always happy. Through middle and high school we shared many classes as we were both on a college pre track. During this time I rember her developing a strong social conscience. (Much more so than myself). I also rember her having a strong interest in the thespian field. We really didn't travel much in the same circles but all my memories of that time are good. When I left NJ for school, I pretty much left for good and lost contact with nearly all my old compatriots.

When I joined Facebook a few years back, Pat was one of the first of my old school friends to befriend me. Over these intervening years I've come to know Pat as much as a person can from Facebook posts. Hers were always responsible fun or caring. Her concern for all was obvious. I can't help but think I really missed out on a lifetime of good friendship by my failing to maintain contact with her and all my former classmates. I am a better person for having re-met her in recent times on line. Facebook certainly has its problems but it also has its good points and Pat was one of those. May God bless your families with comfort and healing and all the good memories.

“ Trish ! Our thoughts and prayers are with you. Fond memories of days when our children were young and we bonded when John and I worked together. This friendship link was enhanced later in life when Daniel returned from the Marine Corps after his combat tours and you were so kind to him at his VA visits. GOD Bless and keep you Trish. Many trials and tribulations in life, but you handled them all with grace and character. Bob & Debbie BODNAR

“ We are deeply saddened and broken hearted knowing we lost our sister-in-law and best friend. Pat was a wonderful person whom we loved and cared about. She and I bonded instantly. She was a strong, smart, warm, generous, caring and kind person. A beautiful person who always had a way to lift up our spirits when she was around. We have a lot of good memories of the great times the four of us spent together that we will never forget. Pat was very special to us and will be deeply missed. We will always be here for John and the rest of the family. They are all in our thoughts and prayers. Sending love and hugs.💕

“ *I am thankful to have so many great memories of everything Trisha and I did together over the last 50 years. Her kindness and compassion for everyone was beyond compare. Trisha had a way of making people laugh and forget about their problems. We were best friends. Even if we didn't see each other or talk for months at a time, when we did, it was though time had never passed. I will miss her forever. My thoughts and prayers are with her family and her friends, who I know, will also miss her forever.*
