

## Paul Cormier

May 4, 2019

Paul Cormier, 61, of Lititz, PA passed away peacefully on Saturday, May 4, 2019 at Hospice & Community Care in Mount Joy due to stomach cancer. He was born on July 29, 1957 to the late John and Therese Cormier. Paul is survived by his loving wife, Virginia (Zeiset) with whom he celebrated 18 years of marriage on April 28, and his brother, Mark and sister-in-law, Laura of Christiansburg, VA.

For most of his professional career, Paul worked as an Analytical Chemist at Eurofins Lancaster Labs, retiring in July 2018. He was a man of character, generous and loyal to his friends and family. Paul could always be found with a job or a project he was working on. His creativity and hard work is evident in the hardscaping and gardens around his home.

Sincere appreciation goes to the staff of Lancaster General Hospital, Dr. Nandi Reddy and the whole Blue Team at the Ann B. Barshinger Cancer Institute, the nursing and physical therapy staff at Luther Acres Rehab to Home, and the comfort and peace offered by each of the care providers at Hospice & Community Care was so important in his passing.

Always the scientist, Paul chose to donate his body. There will be a memorial service held at a later date.

Contributions in his memory may be made to an animal rescue organization of your choice or to Hospice & Community Care, PO Box 4125, Lancaster, PA 17604. May his life force continue to be with us.

“ *Hello Gini, I am so sorry to read about the passing of your husband Paul. Although he and I never met, I recall you speaking so wonderfully of him. Ironically he and my Mom share the same birthday. He and I know how special of a person you are. You were there for me when I lost my wife Lorie. As you shared with me, comforting and healing takes time. You reminded me to accept help from those who offer, and to focus on the wonderful memories we had together. Please do the same as my comfort to you. Those are sure to bring a smile.....*

*All the best to you,*

“ *Gini, I'm so sorry for your loss. I've known Paul for 45 years now, and he was one of the most complex and intelligent individuals I've ever known. I know he cared so very much for you. I'll think about both of you every time I see the beautiful landscaping you and Paul did here for Mom and Dad Cormier.*

“ I am so sorry to hear of Paul's passing. We worked together for ~ 10 years at the lab, and he was a great help to me. He always took time away from his work to explain things... the whys... the how things work. He had the most thoughtful insights on so many subjects - and had a way of expressing his opinion in a respectful, albeit sarcastic way. He had a great sense of humor, a smart sense of humor. I really looked up to him, and feel privileged to have known him.
