

Paula Egolf

February 17, 2025

Paula Egolf died Monday, the 17th of February, after a full and well-lived life. She was an artist - in practice and spirit. Color, light, texture, and moments of wonder! Many of her paintings were inspired by travel, capturing the beauty of the land and moments of connection. She also held dear her time living in Europe and her travels in other parts of the world. Paula was grateful that her paintings live on, dotted around the country, continuing to bring color and joy to so many.

Paula embraced life and read voraciously. Above all, she was a maker - of art, food, knitted hats, wisecracks. True to her Virgo nature, she revelled in a job well done in all areas: in her former profession as a CPA, in her artwork, her teaching, parenting, and volunteer work in Lancaster.

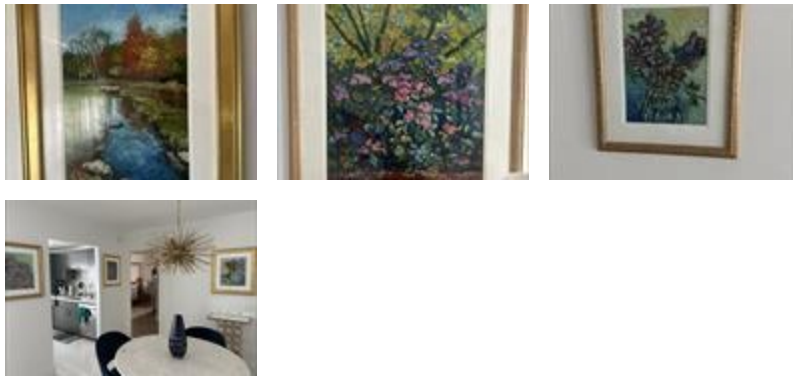

In her words, she felt lucky “in having such a supportive, brave, clever, brilliant husband and children - all so talented and accomplished and who taught and showed me so much.” Paula passed on her love of the arts to her grateful children and grandchild. She was strong of intellect, will, opinion, and soul, and strived to embrace uncertainty. There were tough times. There were so many beautiful times. Her friends and family will miss her dearly and continue to be inspired by her memory. Paula is survived by her loving husband and partner Gary, daughter Gretchen, and granddaughter Orla. She was predeceased by her son, the writer Tristan Egolf.

At her request, no service will be held; instead, run through a sprinkler in her honor. This story never ends...

Tribute Wall

RL

“ These are a few of our paintings created by Paula. I met and Gary over 30 years ago at the Manayunk arts festival and went back each year. The reached three more times to add paintings for new homes. The paintings always take me away and bring me joy. And now my daughter Ellie enjoys them in her home. Beyond that Paula was an amazing person and I enjoyed our conversations. We are both so sorry for your loss and feel terrible about it. Gone too soon. May her memory be a blessing.

“ I grew up with Paula's beautiful paintings all over our house. Each time we moved my father would go meet Paula and collect more of her beautiful work. Now in my own home, I get to enjoy her artwork on my walls and have the chance to view the world through her lens. I am so sorry for your loss, and I feel grateful for the chance to enjoy her paintings every day.

“ I googled Paula to see what she was doing these days and sadly saw her obituary. My late husband and I loved her work and her delightful personality. I have four of her works on my walls. How amazing it must be to create beautiful art and have it live on after you are gone.

“ Gary - years ago you and Paula were friends of mine at Central Market (I worked at Viv's flower stand.) I was just thinking of you both earlier today and now I've seen this. Please know that friends - both far and wide - are keeping you in their thoughts. It was a true pleasure to know Paula (and to know you!) ~ Brett Gerlach

Brett Gerlach - February 27, 2025 at 06:05 PM

“ Paula's artwork will always grace my home. Her loving and giving soul radiates from every one of them. I will be forever grateful for her friendship and honored by her choosing my garden to cut her flowers from. Imagine the excitement I experienced when she created so many masterpieces with them. I would like to send my LOVE to Gary, Gretchen and Orla.

With all of my blessings, Jo Jaikes

“ Gary- thinking of you!
So glad I knew Paula; a friend, volunteered with her, learned from her- she will always be a part of so many of us in Lancaster.

“ Gary and family, I'm so very sorry to hear of the loss of your Paula. I have very fond memories of seeing Paula and Gary at various art events in Lancaster - the Long's Park show, art walks and First Fridays - and enjoying Paula's beautiful paintings. What a wonderful talent and lovely woman. I'm very proud to have one of her works - "It's Spring!". I'll continue to remember her whenever I look at it. Peace and love to you all, Beth Netscher

Elizabeth Netscher - February 24, 2025 at 10:34 AM

“ I met Paula when she volunteered at Hospice of Lancaster County (Hospice & Community Care) Inpatient Unit. She was delightful. I appreciated our times together so very much. My sympathies to her family.

I love Paula's art and this is one of my favorite pieces. The picture doesn't do it justice! I loved visiting her and Gary at the Art shows. Was one of my first stops. Her sunflower painting is now with my nephew. His mom, my sister, loved sunflowers and she is gone but he loves having that painting in her memory. So Paula's work is like ripples in the water, touching many.
