“ He was my mother's husband. I always enjoyed our visits at Willow Valley and his sense of humor. I knew of his days with TWA from his stories and now 911 affected him. I learned from his obit of his service to our country during Korean War as a pilot with SAC. I was saddened when my brother wrote to tell me of his passing but that is eased by knowing that he and my mother are together again with their Lord and Savior for eternity.
