“ Rob was the best track bus dj back in high school! His love of music and his ability to raise the energy on our team trips was something special. One of the beloved bus sing-alongs he queued included American Pie. I am grateful for the way Rob was unapologetically a unique part of our community. The news of his passing comes as an unhappy surprise, and I hope he’s resting peacefully. Sending Love and Light and to him on his journey beyond the known and Love and Light to all in mourning ... ✨

“ Memories of key lime pie, chili and brisket. Of your picking me up when I fell, like I was a feather. But most of all your love for life, family and friends. Your caring ways, sense of humor. I consider you my son and miss you. Will take good care of your mom. Bill and Judy and Katie.
