

Robert D. Stoughton

February 25, 2024

Robert D. Stoughton, 62 years young of Willow Street, PA went home to be with his Lord, on Sunday, February 25, 2024. He was the husband of Bonnie Lee Stoughton, and they celebrated 38 years of marriage in December.

We celebrate the life of a man who touched many hearts. Words from those who knew and loved him: Dougie was a favorite when we were all younger and he grew into an exceptional man. He was the best customer leader I ever worked for and he taught me so many things that helped me in managing future projects. Bonnie and Doug have always embodied what a fun-loving, Jesus-following couple looks like to me. I still picture Pop as a big teddy bear. One I always respected and admired. Doug was so inspirational, kind and smart when we worked together on the WSJ project! We were reminiscing about being with Doug in foreign lands and lots of conference rooms around the states. A force of nature was our friend, Doug! I remembered you taking a French cooking class for him to be able to prepare a nice meal and him on your side reading the WSJ. He was a wonderful kind loving, man, dad and husband. There will be a hole in my heart where he stood.

A Celebration of Doug's Life will be held at a later date in the summer.

In lieu of flowers, donate a monetary gift to the Gift of Life and Give the Gift of Life by being an organ donor. Please visit Doug's Memorial Page at www.The
