“ *I have such good memories of being friends with Shelley through school and also in the neighborhood. Growing up on Dartmouth Drive, I was only about 2 blocks away and we enjoyed lots and lots of good times together. I actually just visited the neighborhood with neighborhood friends, Sue and Penny soon after Thanksgiving and I remembered the friendship Shelley and I shared. So sad to think I'll never see her again, but how wonderful all the lives of people and animals she touched.*

“ *I met Shelley while attending training sessions with my Sammy. She always had a smile and encouraging words no matter how flustered I might get. You could tell she truly enjoyed helping people and animals. She will be greatly missed. Prayers to her family and friends and Regan at this difficult time.*

“ We are very sorry about Shelley. What a terrible shock this was to so many of her family and friends. She was a wonderful person and was always such a kind person. She always laughed while in our office. She had a great sense of humor. We always loved when Shelley came in. We will surely miss her visits and we know how much her family and friends will miss her.

“ Shelley was one of my closest friends. I have known her for 30 years. Her compassion and willingness to reach out to others made such a mark on anyone who knew her. She has certainly made my life better in knowing her. I miss her so much but I know she is watching over us with her dear Dakota and her Dad. United again. I will not forget her. To her family I wish you peace and comfort during this difficult time. May God bless you all. My prayers are with you.

“ Shelley and Reagan was my faithful partner every month as we read to the children at Barnes and Noble. While others came and participated as they were able, I knew I could count on Shelley to be there and hold the book so the children could follow the pictures. And Reagan and Beamer loved to see each other! In 2015, Shelley and Reagan and Beamer and I were the only therapy teams available to "walk the line" of folks waiting for their Christmas Boxes of food at the Barnstormers Stadium. It was cold and rainy but the people loved the dogs. Shelley and I have been a part of the larger group of therapy teams as well. Shelley was always calm and handled Reagan beautifully. She loved the visits and we loved being with her. I really miss her.
