“ To Ruby & Larry and your families, my condolences to you in the loss of your mother.

Mrs. Martin was my friend. I visited her at her apartment and even took my mother, Jimmie Jones, to visit once. I also visited her at Conestoga View. I enjoyed our talks and we always laughed about her "boyfriend" Arthur. The last time I visited , my sister Dontina came along and we talked and we held hands and Dontina prayed a powerful prayer.

I am sorry Mrs. Martin has passed from this earth but I believe she has a new address in Heaven, now. No more night, no more pain , no more tears never crying again. Praise God for her life and God bless and comfort you all as you mourn her passing.

*Love and Peace,

“*Regretfully, I cannot attend Rosie's funeral service in person. As her manager at the Lancaster County Assistance office, I do want to testify to her compassion and understanding as she dealt with staff and clients. She approached her work as a supervisor with a generous spirit that supported her staff and equally maintained expectations of high levels of performance as they served clients. Rosie was optimistic and positive and saw her work as a way to influence people for the better. I believe she was committed to exemplifying those attitudes in all of her life.*
