“ Mom, you will always be in my heart. Growing up was very special. Your love, support, caring for your children was always your #1priority. We have so many great memories from the Bait Shop, vacations in Delaware and Maryland. You and pop opened our home to all. The dance parties we had with family and friends, just hanging out spending quality time with each other. Our hearts are broken. You are at peace mom. Pop waited many years for you. You are now with Pop, Tommy jr. and Tommy. You and Pop were and always will be the most loving and caring parents ever. I will see you all again!❤️

“ *Nan, I'll always remember you from the times I was staying overnight watching Woody woodpecker in a onesy to the times visiting you during my high school years. You always had a smile on your face and was such a caring person. Some of my favorite times was seeing all the family together, hanging out and running around the bait shop. We all sure shared a lot of laughs. We miss you already. Love you Nan!*

“ Nanny, you and pappy turned your house into a home; created numerous memories with your 6 children. Those memories were later shared through stories to your grandchildren. I am truly blessed to have those memories captured in my heart that I will forever cherish. The Friday family nights with all gathered in your home, ordering Pizza Hut pizza and subs from down the street. Eating Hammonds pretzels out of the large tin can. The screams from the outside alleys from the nieces and nephews being terrified of the uncles chasing after us with large nets. Helping in the Bait and Tackle shop, sitting at the table watching for the next customer to walk through. Hearing your soft voice answering the telephone, “Treadway’s”. Drinking my first cup of coffee out of the glass Garfield mug. I have so many beautiful memories but my most fondest is sitting in the living room watching black and white movies with you and the remaining aunts and uncles. Staying up and listening to all the stories and listening to you laugh. The walks to the corner stores were always so special. I know pappy has missed you and now you can be in your forever Home with him, uncle Tommy, little Tommy, and the rest of your family. Nanny, this is not goodbye, it’s I will see you when it’s my time.
Love always, your granddaughter Jessie

“ Some of my fondest childhood memories were spending time with my Nan and Pap in the city. I will always remember Nan and her word find puzzle books and still often think about Nan taking my cousin Lisa and I to the first movie I had ever seen in a movie theater, believe it was called The Eric movie theater downtown. It was so much fun to walk in the city with Nan. The experiences and time spent with Nan and Pap helped shape me into the person I am today and will forever cherish those memories. Comforting to know you are in the arms of Jesus and reunited with Pap and all other loved ones in heaven. Love Stacie
