“ Roughly 20 years after going through Ted's paramedic program at Star Tech, I am returning to the field.

He was firm but fair leading our class. He wanted all of us to succeed but he also wanted to be sure that we would do no harm, be our best. Always Earned, Never Given.

As I work my way back into EMS, I hope to have even the smallest bit of Ted's spirit to motivate myself and my class.

My condolences to the family and I am so sorry for your loss. I would like to say that the times I was able to go visit my cousin Myra, Ted and my two smaller cousins, Ted was always attentive and I could see the love he had/ and will always have for his family. I still remember the last day I visited Lancaster, PA when he took me to the airport to go back home to FL he told me the loving story of how my cousin Myra and him met. His eyes glistened and you can tell Myra and his boys were his adoration. I will miss him dearly. R.I.P. Ted. You are an angel now and I believe you will always watch over Myra, Aaron, and Noah

“ As so many before me have said, Ted is a great man with nothing but compassion for those he taught and those he cared for. He was my mentor, my partner during his time at PMES and a friend. His door was always open before and after class. It didn't stop there. We may have been partners but her was always looking for ways to teach me on every call. He is the true ResQ Man. He would scorn me for screwing up then ask me how work was going and what were my plans for the weekend. You will be missed and always be remembered.

“ My mentor, my friend, I thank you for your time, your guidance and all our lunches at the Casino Deli when you helped me to find a new career path and talk me off the ledge.. so many good memories and laughs we've shared. From your monogrammed puppy bags when u brought the boys to work to your graduating into parenthood of the toddler who locked us out of our safe and trashed my office more then once 😂 I will cherrish those memories and hold true to the values you helped instill in me as a medic and an educator... I know you have a big job up there keeping an eye on Myra and the boys.. but dont forget to keep an eye on us too! We still need u to watch over and protect us as we work the streets.. rest in peace brother 💔

“ *Wow no words can explain the honor I had to know Ted. Our last family vacation that we had to Florida a couple of years ago together was great. He was a wonderful person to all. To my cousin Myra so sorry for your loss. He left greaat memories.*

“ *No words can describe Ted except as a caring and loving person. Willing to put others first, and willing to lend a helping hand whenever needed. The hand full of times I was around him and it wasn't many I got a sense that this guy was just a big teddy bear who was willing to give a hug and spread laughter. So on this day we all should do the same help others, and spread love, reach out to people and just say hi. That's what Ted would do. RIP Ted*

“ Ted was a wonderful human being. We loved him very much. When our mother was very ill he helped move her to the hospital of our choice. He was here for us in her passing. Ted truly did put others ahead of himself. He will truly truly be missed. He truly did earn his wings. May god rest his soul. Rest in peace my brother , we will meet again in heaven.

I just learned of tragic passing of my cousin Ted. Despite not knowing him well, I did know that he excelled in his chosen field, and saved many lives over his career.

But moreover , I knew that he was a fine husband to his beautiful and caring wife Myra, and hands on father to his two wonderful sons Aaron and Noah.

My thoughts and prayers naturally also extend Ted's dad cousin Frank, and lovely mom Hedy regarding this most tragic event.

Again, while just learning about Ted's passing, I am initially shocked, but as I think about it more, I simply saddened for his loss, but also grateful for the time he was here to touch so many lives around him! If there's indeed a heaven up there, I know that Ted Scott Goldman has a front row seat!
