“ Dear Lisa, Bruce, Nate and family,

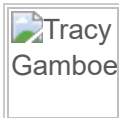

I was deeply saddened to read of Vera's recent passing - it seems like just days ago that I wrote a remembrance for Charlie. Your mom's patience for and tolerance of a house filled with stuffed wild beasts and more cars in the garage than seen on a typical used car lot told me a lot about her kind and welcoming ways - she was always warm and friendly toward me and I will hold my fond memories of her and your dad close. Sending my heartfelt condolences.

Just found out about the passing of Aunt Vera and Uncle Charlie. I will always carry very special memories of them and their love for us. I remember the times that we went to the farm for family reunions, drinking water from the summer kitchen pump and then going down to the creek to swing on the monkey vines. My condolences to all of you.
