“ *To Ginny's family,
15-20 years ago, I was part of a group of women who spent early hours at the YMCA. As we scurried around the locker room, rushing to go to work, Ginny would sahet in, singing softly, one of her favorite show tunes. She would say that she heard it yesterday and it was stuck in her head. A beautiful voice, a ready smile and a wish to all of us for a good day. I have thought of her often over the years. She was a lovely human being.*

Take solace in knowing that she enjoyed her life and family, and weren't you all so fortunate to have had HER.

*My truest sympathies and love,
Ann Miller*
