“ Growing up in the Riggs family was a true blessing for all of us! We were so fortunate to have you as our Dad, our fearless leader who taught all of us what it's like to be a kind, gentle, reliable, live life with honor and also you gave me my special sense of humor! You and Mom are such special people for anyone who knew you (and Mom)! I have so many memories of lessons you taught me with your steadfast guidance! One of things I remember that I didn't like was when you took your teeth out and chased me! haha! Or when you would tickle me and it really hurt! But in my many times of need when I was younger, and not always on the right path, I would call you and Mom, and you were always there. You came to help me, no matter what time of the day it was and how busy you may have been. You and Mom should be poster "people" of what it means to have a great marriage and family. I try to live my life similar to what you two did, and you and Mom are my role models and my heros! I'm sorry that you ended up with ALS...I really beleived you would live until you were 100 because you were always so healthy and active. I hope and pray they can do more for people with this disease. I will miss you so much Dad and I promise you all of us with be there for Mom. Love and miss you dearly, Sue
