“ *I am so sorry that I can not attend Willy's memorial . I have some back problems and just had 2 shots of steroids. The doctor warned me to stay away from people for two weeks because it comprises my immune system .Willy and I worked together for over 30 years at Lincoln Jr. High as well as at Groffs. He was a great friend and a very talented and hard worker. I can not remember ever having a cross word or disagreement in those 30+ years . My wife and I moved to Maryland after retirement. When we returned , we went out to the Centerville Restaurant for breakfast . A very happy moment was seeing Willy there. It is sometimes overused, but not this time - He was a very good man ! “ Dear Family,
Wilmer and I taught together at Lincoln for six years, he gave me my MM 3rd Degree and sponsored me in Tall Cedars. One summer he and a few other Lincoln friends helped me to build a 10 x 14 screened back porch. He was a lifelong good friend, visited with his wife a couple times and I'm sure his family will miss him dearly. My deepest sympathy to all of you...Dave and Rochelle

“ I am so sorry for your loss. I had Mr. Dick as 7th grade math teacher at Lincoln Junior High in '86-87. He was a great teacher and a consummate professional. I tell my own students about him every year. Many of the things I say and do in my own classroom are reflections of my time in Mr. Dick's class. I still remember how he wore a suit to class everyday. I don't think he ever had a "dress-down" day. Please know that I will always cherish fond memories of Mr. Dick and know that he had a huge impact on the life of a squirrely 7th grader.

“ I am so sorry for your loss. He was the teacher that made me love numbers, and still do! I so respected him. He helped me a lot as I was transplanted to Lincoln from Edward Hand during the relining of the boundaries, and had a rough time at Lincoln. He realized that and was so helpful. May his family find comfort in knowing he touched my life in such a wonderful way. I will never forget him.

“ Mr. Dick was my algebra teacher at Lincoln in 1964-65. He was a wonderful teacher and I believe that he influenced me without realizing it to major in Math in college. Looking at this picture it doesn't appear he aged at all. My grandfather was a Mason and I know how wonderful those organizations are. RIP Mr. Dick and thank you for teaching me all about x's and y's.
God Bless,

“ Dear Dennis, Denise, and Kyle: I send my thoughts and prayers for your comfort at this difficult time. Our families became somewhat intertwined as neighbors on North George Street, Millersville. How I enjoyed taking care of you, as needed, when you were children and as you were growing up. Yes, I would have been guilty of the bait and switch flying airplane spoon of peas, Kyle, when you were that Christmas baby some years ago. I have thought of your family often - your parents were so dedicated to you and now they are both gone on to their eternal reward. Peace to them and blessings to you as you navigate the future without their daily presence!

With love and many memories, Betty (Keepert) Gerhart

“ Your Dad was my 7th grade Math teacher at Lincoln. He also kept the scorebook at all the basketball games. We would always go up to him and ask “how many points did I have?” He was an excellent teacher and nicer man. He knew my Dad who was a teacher/Counselor at Penn Manor. Mr Todd, who passed away 3 weeks ago. It’s a tough time with the virus and the shutdown. My prayers are with your family.

Mr. D. was my math teacher at Lincoln Junior High School way back in the day. Such a nice man and wonderful teacher. His energy and enthusiam drove us all to be better students. May God bless your family with peace and comfort during this most difficult time.
